## Education

2009-2014
**Bachelor of Science in Software Engineering**
**K. N. Toosi University of Technology**

2016-2019
**Master of Science in Software Engineering**
**Khatam University**

## Expertise

Next.js, React.js , Javascript, CSS, HTML

Jest, Enzyme(testing framework)

Materiall UI, Tailwind CSS

Restful API

SQL

## Language

Persian  (Native)

English  (Professional Working Proficiency)

## Experience

**2023-2024**
**My Personal Website**

Using Next.js, Tailwind CSS, and Framer Motion for engaging animations.

**2022 - 2023**
**Cabin Resevation Dashboard**

Built with React.js and supabase for database functionality, integrates recharts for powerful data visualization capabilities. Through the seamless integration of tanstack, users can efficiently search for available cabins and apply advanced filtering options based on criteria such as dates, cabin types, amenities, and price ranges. Integrated with Supabase API for product management and user authentication.

**2021-2022**
**Food Delivery**

Through the use of state management libraries like Redux , I ensured seamless data flow and predictable application behavior. Continuous integration and deployment pipelines were implemented using technologies like GitLab CI/CD , enabling rapid iteration and delivery of new features. Thorough testing, including unit tests with Jest and end-to-end tests with Enzyme ensured robustness and reliability.

**2021-2022**
**Typing Speed**

Application to enhance typing efficiency with speed, accuracy tracking and statistics

**2021-2022**
**DataPuller**

Unveiling website data collection insights, providing an overview of the information sites can access and collect from users, regardless of browser privacy settings.

## Certifications

- **The Ultimate React Course 2024: React, Redux & More By Jonas Schmedtmann**
- **Build Responsive Real-World Websites with HTML and CSS By Jonas Schmedtmann**
- **React Testing with Jest and Enzyme By** Bonnie Schulkin
